DIRECTOR OF ENGINEERING

Summary

Director / Vice President of Operations, Engineering, & Supply Chain Industries: Capital Goods Manufacturing, Gaming, & Technology Consistent on time product launches during company's largest growth period Successful implementations of lean factory methodology SUMMARY 12 years manufacturing, operations, engineering, GSC, NPI/NPD, project management, ERP systems, configuration management, data analytics, and business intelligence. Skilled at mixed model, cellular production, lean factory, data-driven KPI's, for electromechanical manufacturing, with progressive increase in leadership responsibility and a proven record of culture turnaround and team performance

Highlights

- OMNEX, '16
- High Performance Leadership Toolkit, '14
- Crucial Conversations, VitalSmarts Inc.
- 12; Microsoft Project
- Management Essentials, '11
- Microsoft SharePoint Essentials, '10
- Technology Skills
- AutoCAD, Siemens PLM, SolidWorks PDM
- Tableau, PowerBI, Cognos, TM1
- MS Access, Project, Visio, SharePoint Designer
- JIRA, Confluence
- MS Dynamics AX & GP, Epicor
- Published Inventor - USPTO #8,684,847, commercialized \$1m revenue per year

Experience

Director of Engineering , 01/2004 to 01/2016 Regent Holdings ■ Vancouver , BC

- Capital goods manufacturer, software developer for hospitality & gaming, \$1b sales, 3k employees Major customers: Las Vegas Sands, MGM Resorts, Caesars Entertainment, Wynn Resorts, Boyd Gaming '14 - '16 Director of Manufacturing Engineering (Operations Engineering) Reported to VP Operations, 3 direct report teams, 15 indirect engineers, analysts and technicians Directed all product launches, training, system controls, capital equipment, and product compliance Administered strategic planning and management of department P&L, OPEX \$5m and CAPEX \$2m Key Contributions & Accomplishments.
- Product Launch output doubled YOY, matching quality & on time delivery, with same resources and multiple supplier sites in East Asia and Latin America, achieved through greater process rigor - design and process FMEA for past 3 product cycles, and instituted project MIS for global reporting.
- Presented semi-annually to BoD, ELT, and Investors/Analysts on NPI/NPD strategies and initiatives.
- Lean Manufacturing implemented saving \$200k (5%) inventory, 15% increase production capacity, directing kaizen lead events Operations-wide, redesigning production/warehouse to mixed-model one- piece flow, reducing quality defects 95% YOY, all in 1/3 the same space.
- Customer Service quality level defects down from 65% to below 1%, developing real-time KPI's with continuous feedback loop creating a new standard of service excellence.
- Employee Development & engagement increased 20% YOY, by coaching direct reports, mentoring people leaders with a system of accountability, independent work ethic, and continuous improvement '12 - '14 Senior Manager of Enterprise Resource Planning (Configuration Management) Reported to , 6 direct reports, programmed and maintained all ERP system controls for company operations, 1 million SKUs, 25k product orders and 50k service orders per year Key Contributions & Accomplishments.
- Configuration Management expansion tripled product line support realizing additional \$50m revenue, utilizing 170 dimensions and 180,000 total variables Cole S.
- Grundstedt - Page 2 cole.grundstedt@gmail.com.
- 1 (702) 353-0976.
- Order Fulfillment system streamlined increasing quarterly direct sales 16%.
- Doubled output for outgoing service orders, merging 2 enterprise systems & eliminating data redundancy.
- Business Intelligence forecasting solution developed, reducing inventory carrying costs by 20%, increased customer quality by 60%, increased demand visibility 12-fold.
- Strategic Planning decision analysis led for global ERP core system migration budget of \$10m '09 - '12 Manager of New Product (Project Management & NPI/NPD) Reported to , 5 direct reports, oversaw project managers liaising with engineering, operations, & service departments, timely launch of new product, procedural training, & data distribution Key Contributions & Accomplishments.
- Program Management partnership with Global Marketing accelerating NPI time-to-market by 70%.
- Industrial Engineering CMM program implemented reducing outages by 96%.
- Systems Management automation tracking program developed reducing service fulfillment 30%.

Senior New Product Engineer, Manufacturing Engineer, and Project Manager , 01/2004 to 01/2009 Tecumseh Manufacturing ■ Toronto , ON

- Supplier quality defects driven to 4-year low creating supplier scorecard, qualifying suppliers on 4 continents.
- Project managed customized product for 3 corporate accounts earning \$15m in sales.
- Production capacity increased 33% by launching cellular production method using one-fifth the space.

Performance Assessment Intern , 01/2002 to 01/2003 University Industries ■ Winnipeg , MB

- Data Center Network Engineer) - built & maintained 50 servers, 10 RAID5 disk arrays & three 20kVA UPS stacks, developing PM schedule for 85% downtime reduction.

Education

Master of Business Administration : Finance and Marketing , 09 University of Nevada Finance and Marketing Magna Cum Laude, top 5% of class

Bachelor of Science : Industrial and Systems Engineering University of Southern California ■ City Industrial and Systems Engineering 4-time Dean's list

Professional Affiliations

Certified Project Management Professional (PMP)®, Project Management Institute (PMI) · Member Beta Gamma Sigma Business Honor Society · Member IEEE Engineering Management Society · Member NESA National Eagle Scout Association Professional training DFMA, Design for Manufacturing and Assembly, OMNEX, '16 · GD&T, Geometric Dimensioning and Tolerancing,
